SOAG-14 Goals

CD&I is the HQMC Seabasing Advocate.

SOAG is a forum to hear from those on whose behalf we advocate.

1. Provide seabasing COI (Community of Interest) info on key concepts, programs, and ongoing integration of emerging seabasing capabilities.
2. Examine current capabilities and identify gaps in required capabilities necessary for MAGTF to effectively operate from the seabase.
3. Develop list of required capabilities, prioritized gaps, and potential solutions to be used in Annual Report and as POM 16 submission to OPNAV.
